**RECEIVER’S FIRST REPORT FOR THE PERIOD OF JULY 2, 2026, THROUGH
JULY 31, 2026**

Newpoint Advisors Corporation, not individually, but solely in its capacity as the court-appointed receiver (the “Receiver”) of the Petitioners identified above, pursuant to ORS 37.190 and paragraph 16 of this Court’s Order Appointing Receiver, entered July 2, 2026 (the “Receivership Order”), hereby submits its first report summarizing the activities performed by the Receiver for the period of July 2, 2026 through and including July 31, 2026 (the “Reporting Period”), and states as follows:

I. APPOINTMENT OF THE RECEIVER AND BACKGROUND INFORMATION

On July 2, 2026, the Circuit Court of the State of Oregon for Multnomah County entered its Order Appointing Receiver (the "Order") in the matter captioned In re: DWFritz Automation, LLC (“DWFritz”), an Oregon limited liability company, Precision Automation and Metrology Holdings LLC (“Precision”), a Delaware limited liability company, DWF Automation Inc. (“DWF”), a Delaware corporation, and DW Energy LLC (“DWE” and collectively with DWFritz, Precision, and DWF, the “Companies”), a Delaware limited liability company, Case No.

26CV34357. The Order appointed Newpoint Advisors Corporation ("Newpoint" or the "Receiver") as receiver over the Petitioners and their assets.

The Receiver has retained Sussman Shank LLP as its counsel ("Receiver's Counsel" or "Sussman") to render the following legal services:

- i. Advise the Receiver with respect to its rights, duties and responsibilities;
- ii. Assist the Receiver in its investigation of the acts, conduct, assets, liabilities, and financial condition of Companies;
- iii. Assist and advise the Receiver with respect to the liquidation of property of the Receivership Estate;
- iv. Assist and advise the Receiver in its investigation and pursuit of potential litigation;
- v. Prepare on behalf of the Receiver, as necessary, the filing of motions, applications, complaints, answers, orders, agreements and other legal documents;
- vi. Appear in Court to present necessary motions, applications, and pleadings, and otherwise protect the interests represented by the Receiver;
- vii. Assist the Receiver in seeking the appointment of any necessary third-party consultants, experts, or special counsel; and
- viii. Perform such other legal services as may be required and in the best interest of the Receivership Estate.

II. CORPORATE OVERVIEW

The business operates through seven affiliated entities. Precision Automation and Metrology Holdings LLC is the ultimate holding company, and substantially all commercial activity runs through a single operating company, DWFritz, at the leased headquarters in

Wilsonville, Oregon. DWFritz designs, builds, and services custom precision automation systems, high-speed inspection, metrology, and assembly equipment combining motion control, machine vision, and robotics for advanced manufacturing customers. The other entities hold discrete assets or segregate distinct activity: DW Energy LLC isolates the Continua Cell Stacking System intellectual property and prototyping, and a separate chain carries the operations in China and India. Only four entities are in receivership: Precision, DWF, DWFritz and DWE (highlighted in grey). The three non-Petitioner entities roll up into the Petitioners for accounting purposes and are therefore reflected in the financial information presented in this Report.

The Companies and their corporate organizational structure are reflected below:

- **Precision Automation and Metrology Holdings, LLC (Precision)** – A Delaware limited liability company and non-operational parent company of DWF Automation Inc. and DW Energy.
- **DWF Automation Inc. (DWF)** – A Delaware corporation and a non-operating parent company of the primary operating company DWFritz Automation, LLC.
- **DWFritz Automation, LLC (DWFritz)** – An Oregon limited liability company and the primary operating entity. DWFritz conducts the Companies’ engineering, manufacturing, sales, service, and administrative functions from the leased headquarters at 9600 Boeckman Rd., Wilsonville, Oregon.
- **DW Energy LLC (DWE)** – A Delaware limited liability company established solely for the purpose of separating out assets and liabilities related to its development of intellectual property and machine prototyping of the Continua Cell Stacking System. This is a non-operating research and development entity whose physical assets are located at the DWFritz leased headquarters at 9600 Boeckman Road, Wilsonville, Oregon.
- **DWFritz International, Inc. (DWFI)** – A Delaware corporation and non-operating parent of the operations located outside of the United States.
- **DWFritz Hong Kong Ltd.** – A Hong Kong limited corporation and roll-up entity for all activities outside of the United States primarily in China and India.
- **DWFritz Precision Automation Ltd.** – A Chinese registered entity that is the primary operating company for all activities outside of the United States. This entity has employees and directs services provided to customer contract manufacturers in China and India and operates out of a leased facility in the Xuhui District in Shanghai, China.

III. PRIOR RECEIVERSHIP REPORTS

On August 31, 2026, the Receiver filed the Initial Report which reflected the Receiver's preliminary understanding of the known assets and liabilities, including associated properties that were secured.

IV. FINANCIAL ACTIVITY

A. Cash Assets

As of July 31, 2026, the aggregate cash balance held in all accounts maintained by the Receiver was \$1,088,435.14. The Receiver secured all eleven bank accounts maintained by the Companies across three financial institutions: Bank of America, JPMorgan Chase, and KeyBank. The primary operating accounts are maintained at Bank of America and are used to receive customer payments on the Companies' trade accounts receivable and to pay operating and administrative expenses of the Receivership Estate. The JPMorgan Chase accounts are used to hold and invest excess cash, while a small petty cash account is maintained at KeyBank.

See the Receiver's Bank Statements attached as **Exhibit A**. As of July 31, 2026, the account balances were as follows:

Bank Name	# of Accounts	Balance on July 31, 2026
Bank of America ¹	7	\$553,381.01
JPMorgan Chase	3	\$532,778.64
KeyBank	1	\$2,275.49
Total	11	\$1,088,435.14

¹ One of the Company's Bank of America accounts is denominated in Chinese yuan (CNY). The balance in that account as of July 31, 2026, has been converted to U.S. dollars at the exchange rate in effect on that date, US\$0.140807 per CNY.

B. Collections and Accounts Receivable

During the Reporting Period, the Receiver collected \$1,032,188.06 as follows:

Collection Type	Amount Collected
Customer Accounts Receivable (US)	\$1,009,875.89
Customer Accounts Receivable (China)	\$21,293.84
Interest Income	\$1,018.33
Total	\$1,032,188.06

As of the close of the Reporting Period, outstanding accounts receivable of the Receivership Entities totaled \$4,607,296.16. That balance includes amounts the Receiver considers disputed or difficult to collect, and no assurance can be given as to the amount ultimately realized.

C. Disbursements

The Estate continues to operate on a scaled-back basis, and all disbursements during the Reporting Period were made from the Companies' operating account, which is under the Receiver's sole control, for ordinary operating expenses authorized under the Receivership Order. During the Reporting Period, the Receiver disbursed \$1,010,813.70 as follows:

Disbursement Type	Amount Disbursed
Payroll, Payroll Taxes & Benefits (US)	\$804,351.67
Operations Material & Supplies	\$156,697.30
Payroll, Payroll Taxes & Benefits (China)	\$45,858.40
Foreign Exchange Adjustment	\$2,856.93
Bank Fees	\$1,049.40
Total	\$1,010,813.70

V. SUMMARY OF ACTIONS TAKEN

A. Site Visits and Securing of Assets

1. 9600 SW Boeckman Rd., Wilsonville, OR 97070

This address serves as the Companies' corporate headquarters. On July 3, 2026, the Receiver secured the premises and obtained the keys and control of the facility's electronic access system. The Receiver's inspection confirmed that the facility comprises approximately 171,000 square feet², consisting of approximately 57,000 square feet of office space and 114,000 square feet of warehouse and production space. The office space contained customary business equipment and furnishings, including desktop and laptop computers, servers and other IT equipment, printers, copiers, furniture, exercise equipment, and modular cubicles. The warehouse and production areas contained various electronic and mechanical equipment, tooling, workstations, a dry room, a clean room, logistics equipment, metal frames, wiring-harness materials, shipping supplies, a delivery van, and certain customer-owned equipment.

2. Xinlian Science & Technology Park, Suite 603 Bldg. #2, No. 1535 Hongmei Road, Xuhui District, Shanghai 200233 China

This location is situated in Shanghai, China, and consists of office space and a small warehouse used primarily to store spare parts supporting a limited number of Chinese contract manufacturing customers. Due to the geographic distance and practical considerations associated with international travel, an in-person inspection by the Receiver was not feasible. The Receiver instead communicated directly with the facility's General Manager to confirm that the premises were secured and to formally document that the Receiver had assumed control and authority over the Companies and their operations. Notice of the Receiver's appointment and authority was also communicated to the landlord and all employees associated with the Shanghai location. Based on

² Obtained from the real estate listing on LoopNet at: <https://www.loopnet.com/Listing/9600-SW-Boeckman-Rd-Wilsonville-OR/39229985/>

these communications, the confirmations received from local management, and the measures implemented to preserve and secure the premises and assets, the Receiver is satisfied that the Shanghai facility has been appropriately secured and remains under the Receiver's control.

B. Customers and Open Projects

Immediately following entry of the Order Appointing Receiver on July 2, 2026, the Receiver undertook a project-by-project review of every open customer engagement to determine which projects retained collectible profit if carried to completion and which should be cancelled. That review identified six projects carrying approximately \$781,000 of gross cash profit available to the estate upon completion. The Receiver conditioned any commitment to complete these projects on three terms designed to eliminate further estate exposure: immediate payment of all outstanding accounts receivable; prepayment of all unbilled materials and labor required for completion, so that each customer prefunded both the cost of completion and the associated profit; and completion of all remaining work no later than the end of November 2026. The Receiver was unwilling to advance estate funds to complete third-party projects on any other basis.

Four customers accepted those terms. The largest of the six projects by remaining profit was resolved after the customer representatives visited the Companies' facility on July 16, 2026, to inspect the work in progress and conclude negotiations; that customer agreed to proceed on the Receiver's terms.

The two customers with the smallest remaining cash profitability declined the Receiver's completion terms and elected to engage contractors formerly retained by the Companies directly, reducing the profit available to the estate from the six projects by an estimated \$62,000. The Receiver did not pursue either engagement further, as neither warranted the estate's continued investment of labor and working capital on the terms the customers were prepared to accept. One of those customers paid its remaining accounts receivable promptly and in full and has requested

a proposal for the purchase of spare parts, which the Receiver is preparing. The other has conditioned payment of its outstanding receivable on proof that the contractors who performed the underlying work have been paid. The Receiver disputes that this condition excuses the customer's payment obligation to the estate and is working with counsel to prepare a formal response and to pursue collection. The Receiver will report further on this matter, including any recommendation regarding litigation, in a subsequent report.

The Receiver contacted every remaining active customer to advise of the Receivership and the status of its work. All other open projects have either been completed or been cancelled by the Receiver during the reporting period, in each case to avoid incurring completion costs the estate could not recover.

C. Personnel

1. US Employees

As of the date of the Receivership, the Companies employed sixty-five people at the Wilsonville, OR office, thirty-six of whom had previously been placed on furlough, with the balance actively employed on either a full-time or part-time basis. On July 24, 2026, all thirty-six furloughed employees were terminated. During the reporting period, one additional employee was terminated by the Receiver and five others resigned. Twenty-three employees remain, consisting of fifteen direct labor personnel and eight production support and administrative personnel, retained primarily to complete the open customer projects, preserve and document the software assets, and support the wind-down and liquidation. The Receiver anticipates further reductions among non-project staff as project work concludes and will size the remaining workforce to the wind-down budget.

2. International Employees

In addition to its domestic workforce, the Companies employed sixteen people in its Shanghai, China office as of the date of the Receivership, consisting of twelve full-time and four part-time personnel. On July 31, 2026, the Receiver notified all employees that the China office will be closed and that their employment will terminate effective August 31, 2026. That advance notice was given in accordance with the notification requirements of applicable People's Republic of China employment law. The Receiver is coordinating the orderly closure of the Shanghai office and will report on the disposition of any remaining assets and obligations of that location in a subsequent report.

D. Leased Facilities

1. 9600 SW Boeckman Rd., Wilsonville, OR 97070

The Companies occupy their facility under a lease that expires on September 30, 2026, and calls for monthly rent of \$180,000. The Receiver has held multiple discussions with the landlord's representative concerning a reduced-rent arrangement that would permit the estate to remain in the facility beyond the stated expiration date and through the end of the calendar year. Continued occupancy for that period is necessary to complete the customer projects described above, to conduct an orderly liquidation of the remaining equipment and inventory, and to vacate the premises in accordance with the Receiver's obligations. The parties have exchanged proposals and have not reached agreement as of the date of this Report. The Receiver has encouraged the landlord to consult its own counsel regarding the treatment of the lease in the Receivership. The Receiver will seek Court approval of any negotiated occupancy arrangement and will report the outcome.

**2. Xinlian Science & Technology Park, Suite 603 Bldg. #2, No. 1535
Hongmei Road, Xuhui District, Shanghai 200233 China**

The Companies lease their Shanghai office space under a lease expiring at the end of March 2027, at monthly rent of RMB 13,000, or approximately US\$1,830³. Because the Receiver has determined to close the China office, the lease will be terminated in advance of its stated expiration. Early termination requires one month's advance written notice to the landlord and payment of a contractual breach penalty of RMB 52,000, or approximately \$7,322³. The Receiver will report on the completion of the surrender and the final disposition of the Shanghai lease obligations in a subsequent report.

E. Winddown of Chinese Operations

After reviewing the China operations, the Receiver determined to close the Companies' international operations effective August 31, 2026. In connection with that wind-down, the Receiver filed a notice of the employment of SBA Stone Forest Corporate Advisory (Shanghai) Co., Ltd. ("Stone Forest") as corporate advisor to the Receiver, pursuant to paragraphs 3(h), 7(i), and 20 of the Order Appointing Receiver and ORS 37.310(1). Stone Forest will assist the Receiver in winding down DWFritz Precision Automation Ltd. and DWFritz Hong Kong Ltd., including advice on human resources compliance, tax de-registration, and corporate de-registration, on the fee structure set forth in its engagement letter. The Receiver anticipates filling a limited number of spare parts orders before the closure takes effect and may retain one or more administrative employees through October 2026 to complete the wind-down, de-registration, and record-retention activities that extend beyond the closure date.

³ Chinese yuan converted to U.S. dollars using the historical exchange rate as of July 31, 2026, of US\$0.1408073 per CNY.

F. Software and Intellectual Property

Based on its analysis and customer feedback, the Receiver believes the Companies' tool software and related intellectual property represent a significant asset of the estate. Each of the Companies' system includes a customer-specific Custom Layer and draws on a proprietary Shared Layer of reusable code libraries. Although existing customers already possess everything needed to operate and maintain their equipment without the source code, certain customers, particularly those for whom the Companies are a sole supplier of critical equipment, value obtaining it as insurance against future service and support risk. The Receiver has therefore filed a motion seeking authority to market and sell the proprietary source code to existing customers across four tiers, covering both layers free and clear of all liens, claims, and interests. Sales would be non-exclusive, limited to the purchaser's internal use with no right to resell or sublicense, and made as-is without documentation, training, support, or warranty. The Receiver will solicit offers from existing customers by an established deadline and file a notice reporting the results; targeting existing customers rather than the open market reflects the source code's limited standalone value and avoids the expense of a broader process. Early indications from customers suggest the potential for meaningful recoveries, though no assurance can be given as to the amount ultimately realized. The Receiver is preparing and documenting the source code in support of that process.

G. DWE Asset Sale

The DWE assets comprise three components: the intellectual property, the Continua Cell Stacking System prototype including accessories and supplies, and the dry room. Three parties have contacted the Receiver to express interest in acquiring them, and the Receiver is re-engaging additional parties who evaluated the assets before the Receivership to determine whether the appointment has changed their interest. The Receiver's preference is to sell all three components together to a single purchaser if doing so yields appropriate value, and to market them separately

if it does not. The DW Energy assets could represent a significant value to the estate, and the Receiver will report on the progress of the process, the interest generated, and any resulting offers in subsequent reports.

H. Insurance Coverage

The Receiver conducted a comprehensive review of all general liability, property, and directors and officers (D&O) insurance policies in effect as of the Receivership date. The Receiver confirmed that appropriate coverage remained in place throughout the Reporting Period and was sufficient to support and protect the activities of the Receivership, including the winddown of operations in China. The Receiver is actively coordinating with the Companies' insurance broker to ensure that all necessary coverage remains in force for the duration required to support the ongoing and anticipated activities of the Receivership. The Receiver anticipates that administrative disbursements will be required to extend coverage as needed in future periods.

I. Stakeholder Communications

Since the commencement of the receivership, the Receiver has received dozens of emails, phone calls, and text messages from vendors, customers, and other stakeholders. The Receiver has made best efforts to provide timely responses and has implemented a variety of communication tools to ensure that all interested parties remain informed throughout the Receivership process.

On July 31, 2026, the Receiver established a dedicated email address for the Receivership to provide stakeholders with the opportunity to ask questions or raise concerns. The dedicated email is dwfritz@newpointadvisors.us. In addition, the Receiver launched a dedicated website, www.dwfritzreceivership.com, to provide stakeholders with up-to-date information regarding the activities of the Receivership. The site also allows visitors to voluntarily submit their email addresses, which the Receiver adds to the master email distribution list to facilitate future direct communications.

VI. CASH BUDGET

Under paragraphs 8 and 15 of the Receivership Order, the Receiver pays the operating expenses of the Estate from Estate income and, where that income is inadequate, from Receivership Advances subject to the \$1,500,000 limit set by paragraph 15. To assist the Court and interested persons in evaluating the Estate's liquidity, the Receiver has prepared a cash budget projecting receipts and disbursements through November 22, 2026, attached as Exhibit B. The budget reflects the Receiver's current expectations for receivable collections, completion of the open customer projects, asset sale proceeds, operating and facility costs, the closure of the China operations, and professional fees. It is a projection and actual results will vary, as several key assumptions remain subject to negotiation or Court approval. The Receiver will update the budget and report material variances in subsequent reports.

VII. CLAIMS PROCESS

During the next reporting period, the Receiver will commence the claims administration process for the Receivership Estate. The Receiver, with counsel, is preparing a motion seeking entry of an order (i) setting a bar date for the filing of proofs of claim, (ii) approving the form and manner of the proposed notice, and (iii) authorizing notice to unknown creditors by publication. The Receiver expects to file that motion no later than August 31, 2026, and will report on the Court's disposition of the motion, the bar date established, and the claims received in a subsequent report.

VIII. FORENSIC ACCOUNTING

During the Reporting Period, the Receiver initiated a forensic accounting review of the Companies' financial records. This review is focused on reconciling historical financial statements, identifying potential irregularities or misstatements, and tracing the flow of funds leading up to the commencement of the Receivership. The objective of this process is to ensure an

accurate understanding of the Companies' financial condition, validate creditor claims where necessary, and support the Receiver's efforts to maximize recovery for the estate. The forensic review is ongoing and will continue into the next reporting period as additional records and supporting documentation are analyzed.

IX. FEES AND EXPENSES OF THE RECEIVER AND COUNSEL

The Receiver and Newpoint rendered 150.5 hours in July 2026, for the benefit of the receivership estate. The aggregate amount due for those services, less applicable discounts, is \$63,282.00 for July 2026. The Receiver also incurred expenses in connection with those services in the amount of \$3,997.24 in July 2026.

Sussman Shank LLP ("Sussman") rendered 30.4 hours of professional services in July 2026. The aggregate amount due to Sussman for those services is \$13,145.00 for July. Sussman also incurred expenses in connection with those services in the amount of \$2,458.48 in July 2026.

- Tell us the dollar amount of the suspected error.

For consumer accounts used primarily for personal, family or household purposes, we will investigate your complaint and will correct any error promptly. If we take more than 10 business days (10 calendar days if you are a Massachusetts customer) (20 business days if you are a new customer, for electronic transfers occurring during the first 30 days after the first deposit is made to your account) to do this, we will provisionally credit your account for the amount you think is in error, so that you will have use of the money during the time it will take to complete our investigation.

For other accounts, we investigate, and if we find we have made an error, we credit your account at the conclusion of our investigation.

Reporting other problems - You must examine your statement carefully and promptly. You are in the best position to discover errors and unauthorized transactions on your account. If you fail to notify us in writing of suspected problems or an unauthorized transaction within the time period specified in the deposit agreement (which periods are no more than 60 days after we make the statement available to you and in some cases are 30 days or less), we are not liable to you and you agree to not make a claim against us, for the problems or unauthorized transactions.

Direct deposits - If you have arranged to have direct deposits made to your account at least once every 60 days from the same person or company, you may call us to find out if the deposit was made as scheduled. You may also review your activity online or visit a financial center for information.

Important Information about Pricing, Valuations, Estimated Annual Income and Estimated Yield

Market value information (including without limitation, prices, exchange rates, accrued income and bond ratings) furnished herein, some of which has been provided by pricing sources that J.P. Morgan believes to be reliable, is not guaranteed for accuracy but provided for informational purposes and is furnished for your exclusive use.

The current price is the value of the financial asset share, unit or contract as priced at the close of the market on the last day of the statement period or the last available price. All values provided for structured yield deposits reflect the original deposit amount only. The value for Real Estate, Mineral Interests and Miscellaneous Assets may not reflect the most current value of the asset. Values for oil, gas and mineral interests are calculated annually as three (3) times the net income received into the account from producing interests during the twelve (12) months preceding the value date.

Non-producing interests are reflected at a nominal value. These values do not reflect the fair market value of the interests as they do not consider, including but not limited to, reserves, well depth, drilling activity, location or commodity prices.

The values in this statement are shown in USD. If your investment currency is not USD, please be aware that the value of your return could differ positively or negatively due to exchange fluctuations from the value shown in this statement.

Valuations of over-the-counter derivative transactions, including certain derivatives-related deposit products, have been prepared on a mid-market basis. These valuations are sourced from the various issuers of the securities or they are sourced from a third party valuation provider. J.P. Morgan expressly disclaims any responsibility for (1) the accuracy of the models or estimates used in deriving the valuations, (2) any errors or omissions in computing or disseminating the valuations, and (3) any uses to which the valuations are put. Valuations are provided for informational purposes only and are intended solely for your own use. Please refer to the trade confirmation for details of each transaction.

Certain assets, including but not limited to, pooled and private investments, non-publicly traded and infrequently traded securities, derivatives, partnership interests and tangible assets are generally illiquid; the value of such asset may have been provided to us by third parties who may or may not be independent of the issuer or manager. Such information is reflected as of the last date provided to us, and is not independently verified.

J.P. Morgan makes no representation, warranty or guarantee, express or implied, that any quoted value represents the actual terms at which securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated. Such values may only be indicative.

If a partial call is made with respect to an issue of securities included in your Accounts we will allocate the call by a method we deem fair and equitable.

CERTAIN DEFINED TERMS THAT MAY APPEAR IN YOUR STATEMENT

EAI: Estimated Annual Income. Actual income could be lower or higher than the estimated amount. Certain types of securities could include a return of principal or capital gains, in which case the EAI would be overstated.

EY: Estimated Yield. EY reflects only the estimated yield generated by an investment and does not reflect changes in its price, which may fluctuate. Actual yield could be lower or higher than the

For the Period 7/1/26 to 7/31/26

estimated amount. Certain types of securities could include a return of principal or capital gains, in which case the EY would be overstated.

Unpriced: If we are unable to obtain a current market value from an internal or external source for a particular security, the price column on your statement will indicate "unpriced." Although such securities may have value, please note that the value of a security indicated as "unpriced" will not be included in your overall current market value as reflected on the statement.

Please see below for additional defined terms related to assets not held at J.P. Morgan.

Offshore Deposits

Deposits of non-U.S. dollar funds will be held in accounts at JPMorgan Chase Bank, N.A. ("JPMCB") outside of the United States. Under federal law, deposits that are maintained outside of the United States, including in any JPMCB branch located outside of the United States, are not insured by Federal Deposit Insurance Corporation (FDIC) or any other agency of the U.S. Federal Government; are subject to cross-border risks; and enjoy a lesser preference, as compared to deposits held in the United States, in the event JPMCB should be liquidated, become insolvent or be placed into receivership or be subject to other proceedings for the benefit of creditors. Certain of these Foreign Accounts may be considered reportable to the Financial Crimes Enforcement Network (FinCEN) on Report of Foreign Bank and Financial Accounts (FinCEN Form 114).

JPMCB's London Branch is a participant in the UK Financial Services Compensation Scheme (the "FSCS"), and the following terms apply to the extent any of your cash deposits are held at the London Branch. The terms of the FSCS offer protection in connection with deposits to certain types of claimants in the event that they suffer a financial loss as a direct consequence of the London Branch being unable to meet any of its obligations and, subject to the FSCS rules regarding eligible deposits, you may have a right to claim compensation from the FSCS. Subject to the FSCS rules, the maximum compensation payable by the FSCS in relation to eligible deposits is as set out in the relevant information sheet, which is available online as referenced below. For the purposes of establishing such maximum compensation, all your eligible deposits at the London Branch are aggregated and the total is subject to such maximum compensation. For further information about the compensation provided by the FSCS, refer to the FSCS website at www.fscs.org.uk. Further information is also available online at <http://www.jpmmorgan.com/pages/deposit-guarantee-scheme-directive>.

JPMS, a member of the Securities Investor Protection Corp ("SIPC"), provides account protection for the net equity of a customer's funds and securities positions. SIPC provides \$500,000 of primary net equity protection, including \$250,000 for claims for cash ("SIPC Coverage"). You may obtain information about SIPC, including the SIPC Brochure, on their website, at "www.sipc.org" or by contacting them at (202) 371-8300.

Account protection applies when a SIPC member firm fails financially and is unable to meet its obligations to its securities customers, but does not apply to losses from the rise or fall in the market value of investments or to SIPC ineligible assets such as futures, options on futures, foreign exchange transactions, or any investment contracts that are not registered as securities or deposit account balances. For more information about SIPC Coverage, including the SIPC Brochure, visit www.sipc.org (follow the link to How SIPC Protects Investors) or by calling SIPC at (202) 371-8300.

IMPORTANT NOTICE REGARDING CALLABLE SECURITIES

To the extent J.P. Morgan Securities LLC (JPMS LLC) holds on behalf of any introduced customer account securities which, by their terms, may be called or redeemed prior to maturity ("callable securities") and a partial call or redemption involving such securities occurs, the following procedures will be followed: JPMS LLC will generally administer the partial call or redemption via an impartial lottery system by which it will allocate among its introduced customers the securities to be selected as called or redeemed. In the event the call or redemption is deemed to be on terms favorable to the applicable holder as determined by JPMS LLC, JPMS LLC shall not allocate the securities to any account in which it or its associated persons (or the associated persons of its introducing brokers, to the extent those accounts have been identified to JPMS LLC by the introducing broker, generally, "associated persons") have an interest until all other customers' positions in such securities have been satisfied. In the event the call or redemption is deemed to be on terms unfavorable to the applicable holder, as determined by JPMS LLC, the accounts of customers and associated persons will participate in the impartial lottery on equal terms. See https://www.jpmorgan.com/country/US/EN/disclosures/callable_securities. This information supersedes any prior or inconsistent terms relating to callable securities in your account.

Money Market Sweep Fund

Funds that are to be invested in a Money Market Sweep Fund will be held in a single consolidated JPMorgan Chase Bank, N.A. account overnight and invested in the designated Money Market Sweep Fund on the morning of the next business day. In the event of a failure of JPMorgan Chase Bank, N.A. on the day that the balances are swept from the beneficial owner's account to the single consolidated JPMorgan Chase Bank, N.A. account, the balances will be considered deposits by the Federal Deposit Insurance Corporation (FDIC) and will be insured by the FDIC under its applicable insurance rules and limits. However, if JPMorgan Chase Bank, N.A. were to fail on the next business day, when the balances are invested in the Money Market Sweep Fund, the balance will not be considered deposits by the FDIC, and the beneficial owner's swept balances will be treated in one of two ways: (i) if the failed JPMorgan Chase Bank, N.A.'s assets were transferred to an acquiring institution, the swept balances will be available to be returned back into the client's account on the business day following the failure of JPMorgan Chase Bank, N.A.; or (ii) if the failed JPMorgan Chase Bank, N.A. will be dissolved, the client will receive a check or other payment from the FDIC for the value of the client's allotted interest in the Money Market Sweep Fund in accordance with FDIC's normal procedures.

IMPORTANT ADDITIONAL INFORMATION APPLICABLE ONLY TO YOUR ASSET ACCOUNT(S) (LINKED TO JPMS)

Your Asset Account consists of a bank account that custodies assets.

You must promptly advise your J.P.Morgan team of material changes in your investment objectives or financial situation or if you wish to modify the management of your account. Unless you inform otherwise, your J.P.Morgan team will consider the information currently in its files to be complete and accurate.

Special Notice for DPP and REIT Securities: DPP or REIT securities are not listed on a national securities exchange, are generally illiquid and, even if a customer is able to sell the securities, the price received may be less than the per share estimated value provided in the account statement. Where "net investment" per share estimated value for a DPP or REIT security is presented, please note that part of your distribution includes a return of capital. Any distribution that represents a return of capital reduces the estimated per share value shown on your account statement.

For the Period 7/1/26 to 7/31/26

IMPORTANT INFORMATION ABOUT AUTOMATIC REINVESTMENT IN YOUR ACCOUNT(S)

Automatic Reinvestment transactions excluding those conducted by DTC or in open ended mutual funds are processed by J.P. Morgan Securities LLC on an agency basis.

J.P. Morgan provides you with the ability to enroll in a dividend reinvestment program to reinvest any and all dividend, capital gains and return of capital distributions (collectively for purposes of this section, "Distributions") for securities eligible for participation (for purposes of this section, "DRIP"). By participating in DRIP, all Distributions paid on eligible individual securities you have selected will automatically be reinvested into the shares of the same security. The important terms of DRIP include:

- Eligibility. Most equities, open end mutual funds, closed end funds and ETFs are eligible for participation in DRIP. Exclusions will be identified at the time you are enrolled. American Depository Receipts are not eligible for DRIP.
- Voluntary Participation. Participation in DRIP is voluntary and you may modify or discontinue your participation at any time. You may enroll by specifying eligible securities for participation in DRIP; modify your elections; or unenroll from DRIP by contacting your J.P. Morgan team.
- Trade Execution. With the exception of open end mutual funds, reinvestment will occur through either J.P. Morgan, or, for certain eligible securities, the Depository Trust Company (DTC). For non-margin brokerage accounts, reinvestment made through J.P. Morgan or DTC will occur after the pay date of the Distribution, and in the case of J.P. Morgan be done through a series of transactions. Consequently, you should expect to receive these shares at a date later than the pay date for the Distribution. For margin accounts, reinvestment made through J.P. Morgan will occur on the pay date and reinvestment made through DTC after the pay date. There may be a difference in price depending on whether the DRIP trade is made through J.P. Morgan or DTC. DRIP trades made through DTC will post to your account when the shares are made available to J.P. Morgan by DTC and will be reflected on your statement. Irrespective of whether reinvestment is made through DTC or J.P. Morgan or in a non-margin brokerage or margin account, the number of shares you receive will be based on an average weighted price of the security and you must be enrolled in DRIP prior to the record date for the relevant security for reinvestment to be made in that security. Notwithstanding your enrollment in DRIP, there may be instances where your Distribution is a partially reinvested or not reinvested at all, for example because of low trading value in that particular security or other market conditions. If your Distribution is not fully reinvested, any portion not reinvested will be deposited in your account in cash.
- No Fees. No commissions or fees are charged for DRIP trades.
- Shares Credited. For reinvestments made through J.P. Morgan or DTC, you should expect to receive the number of whole shares that could be purchased by dividing your Distribution by the average weighted price of the security and the remaining Distribution will be deposited in your account in cash. For open end mutual funds, participation in DRIP may give you interests in fractional shares of securities which will be credited to your account. In that case, you will receive dividend payments proportionate to your partial share holdings.
- Confirmation of Transactions. All DRIP trades will be reflected on monthly account statements. You will not receive separate immediate confirmations for DRIP trades. You may request the details of any DRIP trade by contacting J.P. Morgan. Transactions that are not part of DRIP will continue to receive confirmations contemporaneously with the trade.
- No Recommendation. The inclusion of any security in DRIP is not a recommendation by J.P. Morgan to buy, hold or sell such security. Participation in DRIP does not assure profits on your investments and does not protect against loss in declining markets.
- DRIP Changes. DRIP participants will be notified in advance if there are any material changes to DRIP though no notice will be given if there are changes to the eligibility of a particular security.

Please contact your J.P. Morgan Client Service team if you own more than 5% of a publicly traded Regulated Investment Company ("RIC"), or more than 10% of a publicly traded Real Estate Investment Trust ("REIT") in the aggregate at both J.P. Morgan and other financial institutions that hold the same publicly traded RIC or REIT on your behalf, as there may be potential U.S. tax consequences relating to your investment. If you do not contact us, J.P. Morgan will deem you to hold a minority interest of less than 5% or 10% in either the publicly traded RIC or REIT, respectively.

JPMorgan Chase Bank, N.A. and its affiliates (collectively "JPMCB") offer investment products, which may include bank-managed accounts and custody, as part of its trust and fiduciary services. Other investment products and services, such as brokerage and advisory accounts, are offered through J.P. Morgan Securities LLC ("JPMS"), a member of FINRA and SIPC. Important Information about Pricing, Valuations, Estimated Annual Income and Estimated Yield

Market value information (including without limitation, prices, exchange rates, accrued income and bond ratings) furnished herein, some of which has been provided by pricing sources that J.P. Morgan believes to be reliable, is not guaranteed for accuracy but provided for informational purposes and is furnished for your exclusive use.

The current price is the value of the financial asset share, unit or contract as priced at the close of the market on the last day of the statement period or the last available price. All values provided for structured yield deposits reflect the original deposit amount only. The value for Real Estate, Mineral Interests and Miscellaneous Assets may not reflect the most current value of the asset. Values for oil, gas and mineral interests are calculated annually as three (3) times the net income received into the account from producing interests during the twelve (12) months preceding the value date.

Non-producing interests are reflected at a nominal value. These values do not reflect the fair market value of the interests as they do not consider, including but not limited to, reserves, well depth, drilling activity, location or commodity prices.

The values in this statement are shown in USD. If your investment currency is not USD, please be aware that the value of your return could differ positively or negatively due to exchange fluctuations from the value shown in this statement.

Valuations of over-the-counter derivative transactions, including certain derivatives-related deposit products, have been prepared on a mid-market basis. These valuations are sourced from the various issuers of the securities or they are sourced from a third party valuation provider. J.P. Morgan expressly disclaims any responsibility for (1) the accuracy of the models or estimates used in deriving the valuations, (2) any errors or omissions in computing or disseminating the valuations, and (3) any uses to which the valuations are put. Valuations are provided for informational purposes only and are intended solely for your own use. Please refer to the trade confirmation for details of each transaction.

Certain assets, including but not limited to, pooled and private investments, non-publicly traded and infrequently traded securities, derivatives, partnership interests and tangible assets are generally illiquid; the value of such asset may have been provided to us by third parties who may or may not be independent of the issuer or manager. Such information is reflected as of the last date provided to us, and is not independently verified.

J.P. Morgan makes no representation, warranty or guarantee, express or implied, that any quoted value represents the actual terms at which securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated. Such values may only be indicative.

If a partial call is made with respect to an issue of securities included in your Accounts we will allocate the call by a method we deem fair and equitable.

CERTAIN DEFINED TERMS THAT MAY APPEAR IN YOUR STATEMENT

EAI: Estimated Annual Income. Actual income could be lower or higher than the estimated amount. Certain types of securities could include a return of principal or capital gains, in which case the EAI would be overstated.

EY: Estimated Yield. EY reflects only the estimated yield generated by an investment and does not reflect changes in its price, which may fluctuate. Actual yield could be lower or higher than the

For the Period 7/1/26 to 7/31/26

estimated amount. Certain types of securities could include a return of principal or capital gains, in which case the EY would be overstated.

Unpriced: If we are unable to obtain a current market value from an internal or external source for a particular security, the price column on your statement will indicate "unpriced." Although such securities may have value, please note that the value of a security indicated as "unpriced" will not be included in your overall current market value as reflected on the statement.

Please see below for additional defined terms related to assets not held at J.P. Morgan.

Offshore Deposits

Deposits of non-U.S. dollar funds will be held in accounts at JPMorgan Chase Bank, N.A. ("JPMCB") outside of the United States. Under federal law, deposits that are maintained outside of the United States, including in any JPMCB branch located outside of the United States, are not insured by Federal Deposit Insurance Corporation (FDIC) or any other agency of the U.S. Federal Government; are subject to cross-border risks; and enjoy a lesser preference, as compared to deposits held in the United States, in the event JPMCB should be liquidated, become insolvent or be placed into receivership or be subject to other proceedings for the benefit of creditors. Certain of these Foreign Accounts may be considered reportable to the Financial Crimes Enforcement Network (FinCEN) on Report of Foreign Bank and Financial Accounts (FinCEN Form 114).

JPMCB's London Branch is a participant in the UK Financial Services Compensation Scheme (the "FSCS"), and the following terms apply to the extent any of your cash deposits are held at the London Branch. The terms of the FSCS offer protection in connection with deposits to certain types of claimants in the event that they suffer a financial loss as a direct consequence of the London Branch being unable to meet any of its obligations and, subject to the FSCS rules regarding eligible deposits, you may have a right to claim compensation from the FSCS. Subject to the FSCS rules, the maximum compensation payable by the FSCS in relation to eligible deposits is as set out in the relevant information sheet, which is available online as referenced below. For the purposes of establishing such maximum compensation, all your eligible deposits at the London Branch are aggregated and the total is subject to such maximum compensation. For further information about the compensation provided by the FSCS, refer to the FSCS website at www.fscs.org.uk. Further information is also available online at <http://www.jpmmorgan.com/pages/deposit-guarantee-scheme-directive>.

JPMS, a member of the Securities Investor Protection Corp ("SIPC"), provides account protection for the net equity of a customer's funds and securities positions. SIPC provides \$500,000 of primary net equity protection, including \$250,000 for claims for cash ("SIPC Coverage"). IMPORTANT NOTICE REGARDING CALLABLE SECURITIES

To the extent J.P. Morgan Securities LLC (JPMS LLC) holds on behalf of any introduced customer account securities which, by their terms, may be called or redeemed prior to maturity ("callable securities") and a partial call or redemption involving such securities occurs, the following procedures will be followed: JPMS LLC will generally administer the partial call or redemption via an impartial lottery system by which it will allocate among its introduced customers the securities to be selected as called or redeemed. In the event the call or redemption is deemed to be on terms favorable to the applicable holder as determined by JPMS LLC, JPMS LLC shall not allocate the securities to any account in which it or its associated persons (or the associated persons of its introducing brokers, to the extent those accounts have been identified to JPMS LLC by the introducing broker, generally, "associated persons") have an interest until all other customers' positions in such securities have been satisfied. In the event the call or redemption is deemed to be on terms unfavorable to the applicable holder, as determined by JPMS LLC, the accounts of customers and associated persons will participate in the impartial lottery on equal terms. See https://www.jpmorgan.com/country/US/EN/disclosures/callable_securities. This information supersedes any prior or inconsistent terms relating to callable securities in your account.

Money Market Sweep Fund

Funds that are to be invested in a Money Market Sweep Fund will be held in a single consolidated JPMorgan Chase Bank, N.A. account overnight and invested in the designated Money Market Sweep Fund on the morning of the next business day. In the event of a failure of JPMorgan Chase Bank, N.A. on the day that the balances are swept from the beneficial owner's account to the single consolidated JPMorgan Chase Bank, N.A. account, the balances will be considered deposits by the Federal Deposit Insurance Corporation (FDIC) and will be insured by the FDIC under its applicable insurance rules and limits. However, if JPMorgan Chase Bank, N.A. were to fail on the next business day, when the balances are invested in the Money Market Sweep Fund, the balance will not be considered deposits by the FDIC, and the beneficial owner's swept balances will be treated in one of two ways: (i) if the failed JPMorgan Chase Bank, N.A.'s assets were transferred to an acquiring institution, the swept balances will be available to be returned back into the client's account on the business day following the failure of JPMorgan Chase Bank, N.A.; or (ii) if the failed JPMorgan Chase Bank, N.A. will be dissolved, the client will receive a check or other payment from the FDIC for the value of the client's allotted interest in the Money Market Sweep Fund in accordance with FDIC's normal procedures.

IMPORTANT ADDITIONAL INFORMATION APPLICABLE ONLY TO YOUR ASSET ACCOUNT(S) (LINKED TO JPMS)

Your Asset Account consists of a bank account that custodies assets.

You must promptly advise your J.P.Morgan team of material changes in your investment objectives or financial situation or if you wish to modify the management of your account. Unless you inform otherwise, your J.P.Morgan team will consider the information currently in its files to be complete and accurate.

Special Notice for DPP and REIT Securities: DPP or REIT securities are not listed on a national securities exchange, are generally illiquid and, even if a customer is able to sell the securities, the price received may be less than the per share estimated value provided in the account statement. Where "net investment" per share estimated value for a DPP or REIT security is presented, please note that part of your distribution includes a return of capital. Any distribution that represents a return of capital reduces the estimated per share value shown on your account statement.

Automatic Reinvestment transactions excluding those conducted by DTC or in open ended mutual funds are processed by J.P. Morgan Securities LLC on an agency basis.

J.P. Morgan provides you with the ability to enroll in a dividend reinvestment program to reinvest any and all dividend, capital gains and return of capital distributions (collectively for purposes of this section, "Distributions") for securities eligible for participation (for purposes of this section, "DRIP"). By participating in DRIP, all Distributions paid on eligible individual securities you have selected will automatically be reinvested into the shares of the same security. The important terms of DRIP include:

- Eligibility. Most equities, open end mutual funds, closed end funds and ETFs are eligible for participation in DRIP. Exclusions will be identified at the time you are enrolled. American Depository Receipts are not eligible for DRIP.
- Voluntary Participation. Participation in DRIP is voluntary and you may modify or discontinue your participation at any time. You may enroll by specifying eligible securities for participation in DRIP; modify your elections; or unenroll from DRIP by contacting your J.P. Morgan team.
- Trade Execution. With the exception of open end mutual funds, reinvestment will occur through either J.P. Morgan, or, for certain eligible securities, the Depository Trust Company (DTC). For non-margin brokerage accounts, reinvestment made through J.P. Morgan or DTC will occur after the pay date of the Distribution, and in the case of J.P. Morgan be done through a series of transactions. Consequently, you should expect to receive these shares at a date later than the pay date for the Distribution. For margin accounts, reinvestment made through J.P. Morgan will occur on the pay date and reinvestment made through DTC after the pay date. There may be a difference in price depending on whether the DRIP trade is made through J.P. Morgan or DTC. DRIP trades made through DTC will post to your account when the shares are made available to J.P. Morgan by DTC and will be reflected on your statement. Irrespective of whether reinvestment is made through DTC or J.P. Morgan or in a non-margin brokerage or margin account, the number of shares you receive will be based on an average weighted price of the security and you must be enrolled in DRIP prior to the record date for the relevant security for reinvestment to be made in that security. Notwithstanding your enrollment in DRIP, there may be instances where your Distribution is a partially reinvested or not reinvested at all, for example because of low trading value in that particular security or other market conditions. If your Distribution is not fully reinvested, any portion not reinvested will be deposited in your account in cash.
- No Fees. No commissions or fees are charged for DRIP trades.
- Shares Credited. For reinvestments made through J.P. Morgan or DTC, you should expect to receive the number of whole shares that could be purchased by dividing your Distribution by the average weighted price of the security and the remaining Distribution will be deposited in your account in cash. For open end mutual funds, participation in DRIP may give you interests in fractional shares of securities which will be credited to your account. In that case, you will receive dividend payments proportionate to your partial share holdings.
- Confirmation of Transactions. All DRIP trades will be reflected on monthly account statements. You will not receive separate immediate confirmations for DRIP trades. You may request the details of any DRIP trade by contacting J.P. Morgan. Transactions that are not part of DRIP will continue to receive confirmations contemporaneously with the trade.
- No Recommendation. The inclusion of any security in DRIP is not a recommendation by J.P. Morgan to buy, hold or sell such security. Participation in DRIP does not assure profits on your investments and does not protect against loss in declining markets.
- DRIP Changes. DRIP participants will be notified in advance if there are any material changes to DRIP though no notice will be given if there are changes to the eligibility of a particular security.

Please contact your J.P. Morgan Client Service team if you own more than 5% of a publicly traded Regulated Investment Company ("RIC"), or more than 10% of a publicly traded Real Estate Investment Trust ("REIT") in the aggregate at both J.P. Morgan and other financial institutions that hold the same publicly traded RIC or REIT on your behalf, as there may be potential U.S. tax consequences relating to your investment. If you do not contact us, J.P. Morgan will deem you to hold a minority interest of less than 5% or 10% in either the publicly traded RIC or REIT, respectively.

Important Information about Pricing, Valuations, Estimated Annual Income and Estimated Yield

Market value information (including without limitation, prices, exchange rates, accrued income and bond ratings) furnished herein, some of which has been provided by pricing sources that J.P. Morgan believes to be reliable, is not guaranteed for accuracy but provided for informational purposes and is furnished for your exclusive use.

The current price is the value of the financial asset share, unit or contract as priced at the close of the market on the last day of the statement period or the last available price. All values provided for structured yield deposits reflect the original deposit amount only. The value for Real Estate, Mineral Interests and Miscellaneous Assets may not reflect the most current value of the asset. Values for oil, gas and mineral interests are calculated annually as three (3) times the net income received into the account from producing interests during the twelve (12) months preceding the value date.

Non-producing interests are reflected at a nominal value. These values do not reflect the fair market value of the interests as they do not consider, including but not limited to, reserves, well depth, drilling activity, location or commodity prices.

The values in this statement are shown in USD. If your investment currency is not USD, please be aware that the value of your return could differ positively or negatively due to exchange fluctuations from the value shown in this statement.

Valuations of over-the-counter derivative transactions, including certain derivatives-related deposit products, have been prepared on a mid-market basis. These valuations are sourced from the various issuers of the securities or they are sourced from a third party valuation provider. J.P. Morgan expressly disclaims any responsibility for (1) the accuracy of the models or estimates used in deriving the valuations, (2) any errors or omissions in computing or disseminating the valuations, and (3) any uses to which the valuations are put. Valuations are provided for informational purposes only and are intended solely for your own use. Please refer to the trade confirmation for details of each transaction.

Certain assets, including but not limited to, pooled and private investments, non-publicly traded and infrequently traded securities, derivatives, partnership interests and tangible assets are generally illiquid; the value of such asset may have been provided to us by third parties who may or may not be independent of the issuer or manager. Such information is reflected as of the last date provided to us, and is not independently verified.

J.P. Morgan makes no representation, warranty or guarantee, express or implied, that any quoted value represents the actual terms at which securities could be bought or sold or new transactions could be entered into, or the actual terms on which existing transactions or securities could be liquidated. Such values may only be indicative.

If a partial call is made with respect to an issue of securities included in your Accounts we will allocate the call by a method we deem fair and equitable.

CERTAIN DEFINED TERMS THAT MAY APPEAR IN YOUR STATEMENT

EAI: Estimated Annual Income. Actual income could be lower or higher than the estimated amount. Certain types of securities could include a return of principal or capital gains, in which case the EAI would be overstated.

EY: Estimated Yield. EY reflects only the estimated yield generated by an investment and does not reflect changes in its price, which may fluctuate. Actual yield could be lower or higher than the

For the Period 7/1/26 to 7/31/26

estimated amount. Certain types of securities could include a return of principal or capital gains, in which case the EY would be overstated.

Unpriced: If we are unable to obtain a current market value from an internal or external source for a particular security, the price column on your statement will indicate "unpriced." Although such securities may have value, please note that the value of a security indicated as "unpriced" will not be included in your overall current market value as reflected on the statement.

Please see below for additional defined terms related to assets not held at J.P. Morgan.

Offshore Deposits

Deposits of non-U.S. dollar funds will be held in accounts at JPMorgan Chase Bank, N.A. ("JPMCB") outside of the United States. Under federal law, deposits that are maintained outside of the United States, including in any JPMCB branch located outside of the United States, are not insured by Federal Deposit Insurance Corporation (FDIC) or any other agency of the U.S. Federal Government; are subject to cross-border risks; and enjoy a lesser preference, as compared to deposits held in the United States, in the event JPMCB should be liquidated, become insolvent or be placed into receivership or be subject to other proceedings for the benefit of creditors. Certain of these Foreign Accounts may be considered reportable to the Financial Crimes Enforcement Network (FinCEN) on Report of Foreign Bank and Financial Accounts (FinCEN Form 114).

JPMCB's London Branch is a participant in the UK Financial Services Compensation Scheme (the "FSCS"), and the following terms apply to the extent any of your cash deposits are held at the London Branch. The terms of the FSCS offer protection in connection with deposits to certain types of claimants in the event that they suffer a financial loss as a direct consequence of the London Branch being unable to meet any of its obligations and, subject to the FSCS rules regarding eligible deposits, you may have a right to claim compensation from the FSCS. Subject to the FSCS rules, the maximum compensation payable by the FSCS in relation to eligible deposits is as set out in the relevant information sheet, which is available online as referenced below. For the purposes of establishing such maximum compensation, all your eligible deposits at the London Branch are aggregated and the total is subject to such maximum compensation. For further information about the compensation provided by the FSCS, refer to the FSCS website at www.fscs.org.uk. IMPORTANT NOTICE REGARDING CALLABLE SECURITIES

To the extent J.P. Morgan Securities LLC (JPMS LLC) holds on behalf of any introduced customer account securities which, by their terms, may be called or redeemed prior to maturity ("callable securities") and a partial call or redemption involving such securities occurs, the following procedures will be followed: JPMS LLC will generally administer the partial call or redemption via an impartial lottery system by which it will allocate among its introduced customers the securities to be selected as called or redeemed. In the event the call or redemption is deemed to be on terms favorable to the applicable holder as determined by JPMS LLC, JPMS LLC shall not allocate the securities to any account in which it or its associated persons (or the associated persons of its introducing brokers, to the extent those accounts have been identified to JPMS LLC by the introducing broker, generally, "associated persons") have an interest until all other customers' positions in such securities have been satisfied. In the event the call or redemption is deemed to be on terms unfavorable to the applicable holder, as determined by JPMS LLC, the accounts of customers and associated persons will participate in the impartial lottery on equal terms. See https://www.jpmorgan.com/country/US/EN/disclosures/callable_securities

This information supersedes any prior or inconsistent terms relating to callable securities in your account.

Money Market Sweep Fund

Funds that are to be invested in a Money Market Sweep Fund will be held in a single consolidated JPMorgan Chase Bank, N.A. account overnight and invested in the designated Money Market Sweep Fund on the morning of the next business day. In the event of a failure of JPMorgan Chase Bank, N.A. on the day that the balances are swept from the beneficial owner's account to the single consolidated JPMorgan Chase Bank, N.A. account, the balances will be considered deposits by the Federal Deposit Insurance Corporation (FDIC) and will be insured by the FDIC under its applicable insurance rules and limits. However, if JPMorgan Chase Bank, N.A. were to fail on the next business day, when the balances are invested in the Money Market Sweep Fund, the balance will not be considered deposits by the FDIC, and the beneficial owner's swept balances will be treated in one of two ways: (i) if the failed JPMorgan Chase Bank, N.A.'s assets were transferred to an acquiring institution, the swept balances will be available to be returned back into the client's account on the business day following the failure of JPMorgan Chase Bank, N.A.; or (ii) if the failed JPMorgan Chase Bank, N.A. will be dissolved, the client will receive a check or other payment from the FDIC for the value of the client's allotted interest in the Money Market Sweep Fund in accordance with FDIC's normal procedures.

For the Period 7/1/26 to 7/31/26

IMPORTANT ADDITIONAL INFORMATION APPLICABLE ONLY TO YOUR ASSET ACCOUNT(S) (LINKED TO JPMS)

Your Asset Account consists of a bank account that custodies assets.

You must promptly advise your J.P.Morgan team of material changes in your investment objectives or financial situation or if you wish to modify the management of your account. Unless you inform otherwise, your J.P.Morgan team will consider the information currently in its files to be complete and accurate.

Special Notice for DPP and REIT Securities: DPP or REIT securities are not listed on a national securities exchange, are generally illiquid and, even if a customer is able to sell the securities, the price received may be less than the per share estimated value provided in the account statement. Where "net investment" per share estimated value for a DPP or REIT security is presented, please note that part of your distribution includes a return of capital. Any distribution that represents a return of capital reduces the estimated per share value shown on your account statement.

IMPORTANT INFORMATION ABOUT AUTOMATIC REINVESTMENT IN YOUR ACCOUNT(S)

Automatic Reinvestment transactions excluding those conducted by DTC or in open ended mutual funds are processed by J.P. Morgan Securities LLC on an agency basis.

J.P. Morgan provides you with the ability to enroll in a dividend reinvestment program to reinvest any and all dividend, capital gains and return of capital distributions (collectively for purposes of this section, "Distributions") for securities eligible for participation (for purposes of this section, "DRIP"). By participating in DRIP, all Distributions paid on eligible individual securities you have selected will automatically be reinvested into the shares of the same security. The important terms of DRIP include:

- Eligibility. Most equities, open end mutual funds, closed end funds and ETFs are eligible for participation in DRIP. Exclusions will be identified at the time you are enrolled. American Depository Receipts are not eligible for DRIP.
- Voluntary Participation. Participation in DRIP is voluntary and you may modify or discontinue your participation at any time. You may enroll by specifying eligible securities for participation in DRIP; modify your elections; or unenroll from DRIP by contacting your J.P. Morgan team.
- Trade Execution. With the exception of open end mutual funds, reinvestment will occur through either J.P. Morgan, or, for certain eligible securities, the Depository Trust Company (DTC). For non-margin brokerage accounts, reinvestment made through J.P. Morgan or DTC will occur after the pay date of the Distribution, and in the case of J.P. Morgan be done through a series of transactions. Consequently, you should expect to receive these shares at a date later than the pay date for the Distribution. For margin accounts, reinvestment made through J.P. Morgan will occur on the pay date and reinvestment made through DTC after the pay date. There may be a difference in price depending on whether the DRIP trade is made through J.P. Morgan or DTC. DRIP trades made through DTC will post to your account when the shares are made available to J.P. Morgan by DTC and will be reflected on your statement. Irrespective of whether reinvestment is made through DTC or J.P. Morgan or in a non-margin brokerage or margin account, the number of shares you receive will be based on an average weighted price of the security and you must be enrolled in DRIP prior to the record date for the relevant security for reinvestment to be made in that security. Notwithstanding your enrollment in DRIP, there may be instances where your Distribution is a partially reinvested or not reinvested at all, for example because of low trading value in that particular security or other market conditions. If your Distribution is not fully reinvested, any portion not reinvested will be deposited in your account in cash.
- No Fees. No commissions or fees are charged for DRIP trades.
- Shares Credited. For reinvestments made through J.P. Morgan or DTC, you should expect to receive the number of whole shares that could be purchased by dividing your Distribution by the average weighted price of the security and the remaining Distribution will be deposited in your account in cash. For open end mutual funds, participation in DRIP may give you interests in fractional shares of securities which will be credited to your account. In that case, you will receive dividend payments proportionate to your partial share holdings.
- Confirmation of Transactions. All DRIP trades will be reflected on monthly account statements. You will not receive separate immediate confirmations for DRIP trades. You may request the details of any DRIP trade by contacting J.P. Morgan. Transactions that are not part of DRIP will continue to receive confirmations contemporaneously with the trade.
- No Recommendation. The inclusion of any security in DRIP is not a recommendation by J.P. Morgan to buy, hold or sell such security. Participation in DRIP does not assure profits on your investments and does not protect against loss in declining markets.
- DRIP Changes. DRIP participants will be notified in advance if there are any material changes to DRIP though no notice will be given if there are changes to the eligibility of a particular security.

Please contact your J.P. Deposit Account Agreement and Funds Availability Policy Update. We've updated Section 6 of your Deposit Account Agreement (DAA) to provide additional details on how overdraft fees work for ATM and everyday (one-time) debit card transactions. In addition, we have updated the Key Private Bank Personal Checking account name to display correctly in the Consumer Accounts table.

For your reference, we have provided the updated DAA language below.

The following only applies to the specific Consumer and Business Account types listed: If an ATM card or everyday (one time) debit card transaction is authorized by us when there are available funds in your account, but there are no longer funds to cover the full transaction amount (which may be different than the amount authorized) at the time the transaction is settled, you will not be charged an Overdraft Item ("OD") Charge on that transaction.

You can find a full copy of the DAA at key.com/daa.

In your letter, give us the following information:

- Account Information : Your name and account number.

You must contact us within 60 days after the error appeared on your statement. You must notify us of any potential errors in writing. You may call us, but if you do we are not required to investigate any potential errors and you may have to pay the amount in question.

While we investigate whether or not there has been an error, the following are true:

- We cannot try to collect the amount in question, or report you as delinquent on that amount.
- The charge in question may remain on your statement, and we may continue to charge you interest on that amount. But, if we determine that we made a mistake, you will not have to pay the amount in question or any interest or other fees related to that amount.
- While you do not have to pay the amount in question, you are responsible for the remainder of your balance.
- We can apply any unpaid amount against your credit limit.

Explanation of Finance Charge: Your Finance Charge attributable to interest (hereinafter referred to as interest) is computed using the Average Daily Balance method.

Average Daily Balance method (Balance Subject to Interest Rate): Your interest is computed on all purchases and cash advances (collectively "advances") from the date each advance is posted until we receive payment in full (there is no grace period). We figure the interest on your line of credit by multiplying the daily periodic rate by the "Average Daily Balance" of your line of credit (including current transactions) and multiplying by the number of days in the billing cycle. To get the Average Daily Balance we take the beginning balance of your line of credit each day, add any new advances or debits, and subtract any payments and credits, any non-financed fees and unpaid interest. This gives us the daily balance. Then we add up all of your daily balances in the billing cycle and divide this total by the number of days in the billing cycle to get your Average Daily Balance.

CREDIT INFORMATION: If you believe we have reported inaccurate information about your account to a credit reporting agency, you may contact the credit reporting agency or write to us at:
